We represent some of the World's Most Renowned Brands such as Septodont, Cavex, PD, Ivoclar Vivadent, Bego, Kemdent, AHL, Beviston, Prima Dental Group, WaterPik, TDV and many more.

We supply materials to Dental and Medical Institutions, Hospitals, Army Institutions, Dental Clinics, suppliers and where ever dental materials are required. We have a network of sub-dealers throughout the country. For marketing we have a dedicated team of sales personnel along with other novel mediums for promotion and advertisements.

Credibility and Goodwill are our assets that we can claim to have the best in the market which is the basis of our collaboration with our principles, our sub-dealers and Institutions. We fulfill what we commit.

Over the years, our product line has grown as we have forged associations with more dental manufacturers whose names are widely recognized. Today we combine the experience and tradition of our well known brand names with a commitment to growth. Current business strategy is to augment current market with products which offer the dentist an improvement in function, technique, convenience, or some combination of all three through innovation and improved technology.

Online Dental Store:

At Universal Dental, we understand the importance of convenience and accessibility. Our new online platform/Online Dental Store in Pakistan allows you to conveniently browse and order our extensive selection of high-quality dental supplies from the comfort of your home or office.

With decades of experience in the dental industry, we have established ourselves as a trusted name among dental professionals and oral care enthusiasts alike. By shopping from our store, we prioritize ensuring that you receive exactly what you ordered. We understand the importance of customer satisfaction and strive to exceed your expectations at every step.

Corporate Principles:

We see the customers as our first priority

We are always ready to discuss

We never compromise on quality

We take the future as a challenge

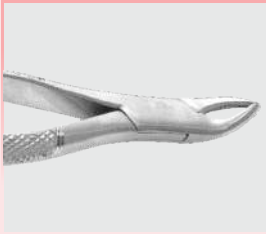

We believe in honesty and integrity

We Strive to provide convenience to our customers

We make every effort to build long-term relationships

- Root Elevators

lower jaw, left side

lower jaw, right side

Root elevator, spiral-shaped, for extremely facilitated extraction of the molars in the lower jaw. The slender, conical points allow deep penetration between tooth and gum. Owing to the hook-shaped working parts, slipping of the elevator is avoided.
